

## Description

Crest Stripper 10F is an especially effective compound developed for stripping epoxies and other difficult to remove organic coatings. Its heavy duty character is dependent upon the addition of certain constituents that have recognized toxicity and hazardous characteristics.

- » Non-Flammable product.
- » **Not safe** on High Strength Steel.

## Specifications

This product meets or exceeds all qualifications for the following:

- » MIL-R-81903 Type I

## Method of Use

### Application Methods

- » Spray
- » Brush

### Concentration

- » Use product as received.

### Equipment

- » Use a barrel pump or similar non-atomizing spray equipment. The stripper may be applied by brush. Face shields or goggles and solvent-acid resistant gloves, boots, and clothing must be used by personnel using this stripper.

### Stripping

- » Allow sufficient dwell time (5 to 15 minutes) to loosen coating. When paint is loosened thoroughly agitate all areas with a stiff brush. When coating is loose, thoroughly agitate all areas with a thick brush.

### Rinsing

- » Remove the stripper and the coating with a high pressure rinse. Slight brushing during the rinse process will help insure complete removal of the coating. If residue is left, do **not** put stripper on a wet part.

## Caution

Avoid contact with skin, eyes, and clothing. Avoid ingestion or prolonged inhalation. Use in well ventilated areas. Store product in a protected area out of direct sun. Also keep from freezing. Preferred storage temperature is 40°F to 90°F. Refer to product labels and Safety Data Sheets for precautionary and handling information.

### Warranty and Liability Disclaimer

The above information and recommendations concerning this product are based upon our laboratory tests and field use experience; however, since conditions of actual use are beyond our control, any recommendations, or suggestions, are made without warranty, expressed or implied. Manufacturer's and seller's sole obligation shall be to replace that portion of the product shown to be defective. Neither shall be liable for any loss, damage or injury, direct or consequential, arising out of the use of this product.
